5. Wi-Fi Setup

Download and install the Hi-Fly app by scanning below QR code, or search "Hi-Fly" in the App Store (iOS devices) / Google Play (Android devices).

Open the App and follow the on-screen guide to set up your Wi-Fi audio network.

Note: If you use the Ethernet connection, no network setup is required. Just open the app and the device is ready for use!

*Analog input signal can be shared with other Wi-Fi audio devices in Multi-Room mode.

*For additional information, see the Hi-Fly Audio App Guide and Product Manuals online at daytonaudio.com.
